PROF = The percent of students who are Proficient or Advanced for the grades assessed by that Content Area.

LND = Level Not Determined is the number of students who were Accountable but did not receive a MAP Score. A student will be considered LND if the student was exempt, caught cheating, or did not have a valid attempt on the test. The percent of students that were LND should be 5.0 percent or below. NOTE: For AYP calculations the students taking the MAP-Alternate have been excluded from LND. Those students have been included in the denominator when calculating the percent of students Proficient or Advanced.
